## SUPPLEMENTARY INFORMATION:

This equipment has been tested and found to comply with the electromagnetic compatibility (EMC) limits for a **Class B** digital device pursuant to the listed directives, regulations and standards. These limits are designed to provide reasonable protection against harmful interference when the equipment is operated in a residential or business environment. The equipment was tested in a typical configuration. Optional devices, such as radios, conform to the noted standard when the Dell™ provided devices are installed in the equipment.
